User	Story	Priority
Election Official	As an Election Official I want a system that automatically counts to save time in gathering results of various elections.	2
	As an Election Official I want a system that is secure so the integrity is the same if not better than a normal election.	1
	As an Election Official I want users to be able to obtain results in real time so there is no more waiting to see the outcome.	3
Political Candidate	As a Political Candidate I want a system that is accessible for all so more people can vote.	3
	As a Political Candidate I want to be able to see polls and analytics to better plan my campaign within my riding.	1
	As a Political Candidate I want to be able to see results once polls are closed so there is no waiting for results.	5
	As a Political Candidate I want a secure system so there are no doubts about the results once presented.	4
	As a Political Candidate I want to be able to update my profile and status so voters can learn who I am.	2
Voter 1 (New Voter)	As a New Voter I want a system that allows me to vote anywhere at any time to avoid waiting in a line.	1
	As a New Voter I want to be able to read information on the candidates in my riding to make a more informed decision.	3
	As a New Voter I want a system that allows me to vote online to avoid the awkwardness of in-person voting.	2

User	Story	Priority
Voter 2 (Working Man)	As a Working Man I want to be able to vote without needing to schedule a time, so I can do other, more productive things.	2
	As a Working Man I want to be able to view analytics of the election so I don't have to wait for the news.	3
	As a Working Man I want a system that doesn't take long to go in and vote, so I can focus on other things.	1
Voter 3 (Veteran Voter)	As a Veteran Voter I want a system that is safer health-wise, so I don't risk my health voting in person.	1
	As a Veteran Voter I want a system where I don't wait in a line to save time.	3
	As a Veteran Voter I want a system that is easy to navigate and learn, so I have the ability to use it.	2
